

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 6, 1995

SUBJECT: **SB 1610 - HB 1533**

This bill, if enacted, will remove the ability of the state to bill cities and counties for the cost of mental examinations and/or evaluations when such have been ordered by a juvenile court judge for a child charged with an offense that would not be a felony if committed by an adult.

According to the Council of Juvenile and Family Court Judges, reimbursement for examinations and/or evaluations of juveniles committing non-felony offenses has not been paid to the state by local governments in the past.

The fiscal impact from enactment of this bill is estimated to result in the state forgoing revenue collections from local governments that could be sought in the absence of the bill. Revenue collections which the state will forgo cannot be reasonably determined but are estimated to exceed \$100,000.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
